

Code Business Process Management (Code BPM)

27.Aug.2018

Introduction

Code BPM is a business process platform that delivers a variety of capabilities in a single package.

Process management technology allows an organization to streamline their operations by automating, executing, and monitoring business processes from beginning to end.

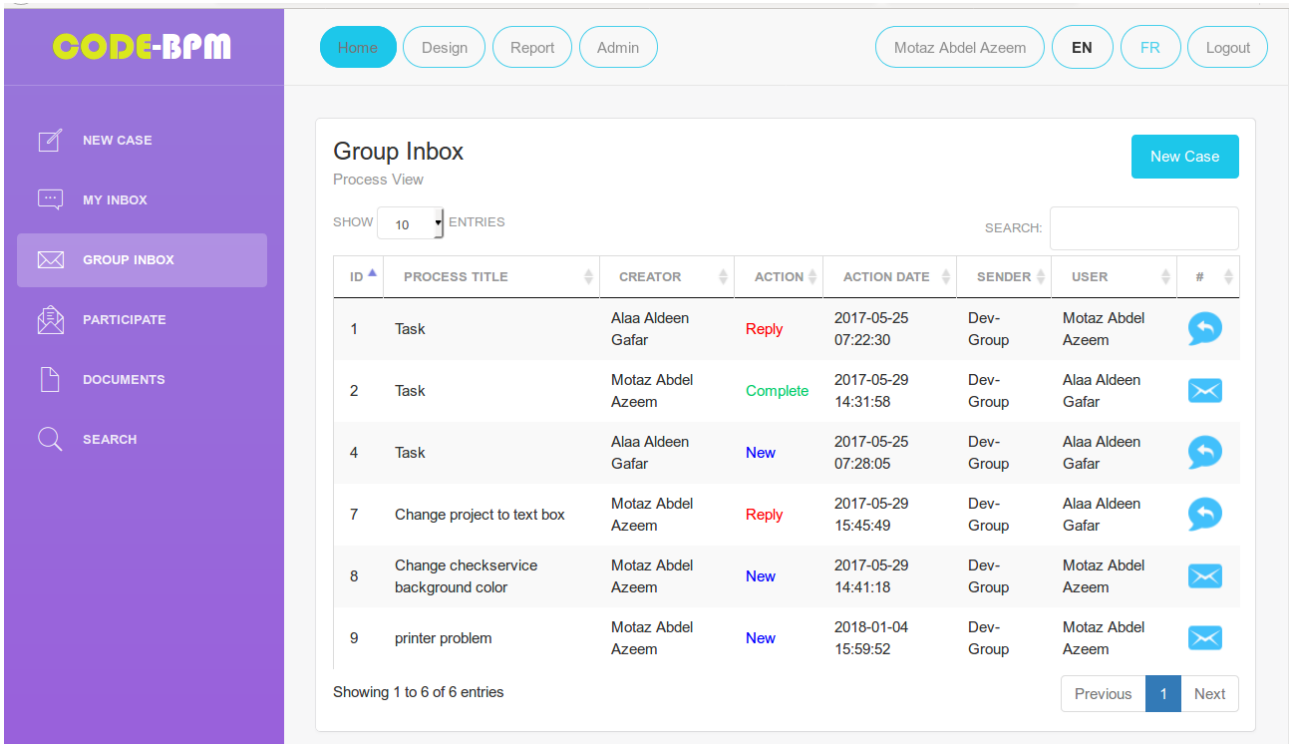

Example of processes that can be defined and configured in CodeBPM system:

- Trouble Tickets (Customers complain tickets)
- Work Orders (Orders to working teams)
- Purchase orders
- Internal Tasks and following up

System Features:

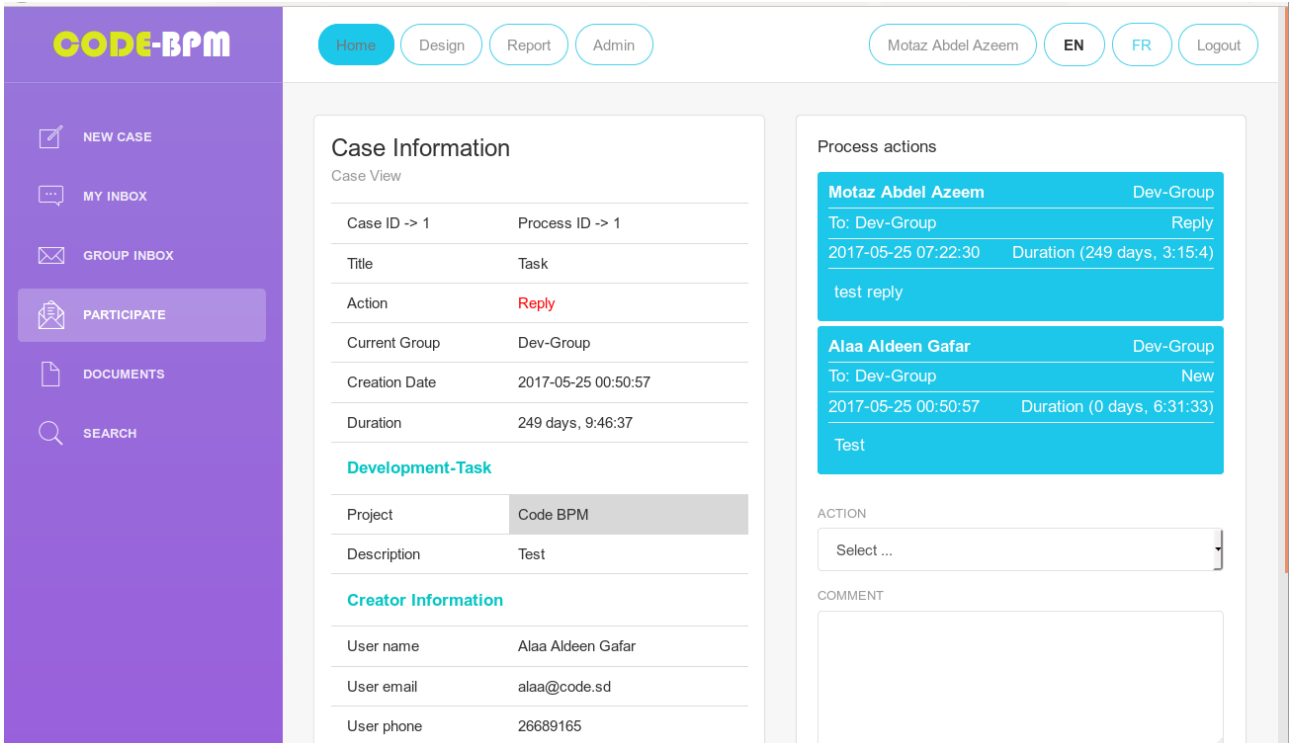

1. Multi system setup.
2. Multi processes for each system setup.
3. Process automation/ work-flow.
4. Dynamic forms.
5. Process management engine.
6. Triggers (Extra process is created by customer).
7. Notification module.
8. Escalation & SLA module.
9. Reporting Model.
10. Users, groups & units management.
11. Multi languages support.
12. Attachment support
13. Easy for deployment and configuration
14. Integration with Email to send notifications and receive tasks

Screen shots:

The screenshot shows the 'Group Inbox' page in the CODE-BPM application. The interface includes a sidebar with navigation options like 'NEW CASE', 'MY INBOX', 'GROUP INBOX', 'PARTICIPATE', 'DOCUMENTS', and 'SEARCH'. The main content area displays a table of process entries with columns for ID, Process Title, Creator, Action, Action Date, Sender, User, and a status icon. The table shows 6 entries, with the first one being a 'Task' by Alaa Aldeen Gafar with a 'Reply' action.

ID	PROCESS TITLE	CREATOR	ACTION	ACTION DATE	SENDER	USER	#
1	Task	Alaa Aldeen Gafar	Reply	2017-05-25 07:22:30	Dev-Group	Motaz Abdel Azeem	
2	Task	Motaz Abdel Azeem	Complete	2017-05-29 14:31:58	Dev-Group	Alaa Aldeen Gafar	
4	Task	Alaa Aldeen Gafar	New	2017-05-25 07:28:05	Dev-Group	Alaa Aldeen Gafar	
7	Change project to text box	Motaz Abdel Azeem	Reply	2017-05-29 15:45:49	Dev-Group	Alaa Aldeen Gafar	
8	Change checkservice background color	Motaz Abdel Azeem	New	2017-05-29 14:41:18	Dev-Group	Motaz Abdel Azeem	
9	printer problem	Motaz Abdel Azeem	New	2018-01-04 15:59:52	Dev-Group	Motaz Abdel Azeem	

The screenshot shows the 'Case Information' page in the CODE-BPM application. The interface is divided into two main sections: 'Case Information' and 'Process actions'. The 'Case Information' section displays details for Case ID 1, including the title 'Task', action 'Reply', current group 'Dev-Group', creation date, and duration. The 'Process actions' section shows a list of actions performed by users, including a 'Reply' by Motaz Abdel Azeem and a 'New' action by Alaa Aldeen Gafar. Below the actions, there is a form for adding a comment or action.

Case ID	Process ID
1	1

Project	Code BPM
Description	Test

User name	Alaa Aldeen Gafar
User email	alaa@code.sd
User phone	26689165
